

PhD research activities

For the attainment of the doctorate the following people have developed research activity at L.E.S.I.M:

-

Leopoldo Angrisani, PhD in Electrical Engineering, University of Naples.

-

Rudo Iskovic, PhD at the Technical University of Kosice (SK).

-

Peter Keusch, PhD at the Technical University of Kosice (SK).

-

Lubomir Horniak, PhD at the Technical University of Kosice (SK).

-

Mihail Marinov, PhD in Computer Science, Applied Electromagnetics, and Telecommunications at University of Salerno.

-

Sergio Rapuano, Ph.D in Computer Science, Applied Electromagnetics, and Telecommunications at University of Salerno.

-

Andrea Aiello, Ph.D in Computer Science at University of Sannio.

-

Radek Prochazka, Ph.D in Computer Science at [Czech Technical University in Prague](#) .

-

Igor Chemisinec, Ph.D in Computer Science at [Czech Technical University in Prague](#) .

-

Gioacchino Truglia, Ph.D in Computer Science at University of Sannio.

-

Luca De Vito, Ph.D in Computer Science at University of Sannio.

-

Eulalia Balestrieri, Ph.D in Computer Science at University of Sannio.

-

Sorin Moisa, Ph.D in Computer Science at University of Sannio.

-

Laura Tomaciello, Ph.D in Computer Science at University of Sannio.

-

Francesco Zoino, Ph.D in Computer Science at University of Sannio.

-

Dragutin Cmurk, Ph.D in Computer Science at University of Sannio (Italo-Croato).

-

Doris Bao, Ph.D in Computer Science at University of Sannio.

-

Luigi Cocco, Ph.D in Computer Science at University of Sannio (Italo-Croato).

-

Marco Corrado, Ph.D in Computer Science at University of Sannio.

-

Maurizio Villanacci, Ph.D in Computer Science at University of Sannio.

-

Mariella Riccio, Ph.D in Computer Science at University of Sannio.
